RIFLESSI®

CULTURA D'IMPRESA

UN NETWORK DI COMPETENZE, PASSIONI, ESPERIENZA E PROFESSIONALITÀ

BUSINESS CULTURE. A NETWORK OF COMPETENCE, PASSION, EXPERIENCE AND PROFESSIONALISM

La storia umana e imprenditoriale di Riflessi ha il sapore di una sfida vissuta sul campo. Una sfida che l'azienda ha saputo vincere grazie alla sua particolare sensibilità e ad alcune felici intuizioni: puntare su qualità e servizio, ponendo particolare attenzione nel cogliere le suggestioni che arrivano dall'esterno e amalgamandole con il proprio stile.

Riflessi makes your dreams come true! Standing our ground and not backing down when faced with a challenge, our company managed to conquer the market by offering a unique customer-oriented experience comprising outstanding service, a keen eye for detail and the unique ability to incorporate new concepts into our designs.

L'histoire humaine et d'entreprise de Riflessi a la saveur d'un défi vécu sur le terrain. Un défi que l'entreprise a su gagner grâce à sa sensibilité particulière et à certaines bonnes intuitions: miser sur la qualité et le service, en viellant particulièrement à accueillir les suggestions qui arrivent de l'extérieur et dans la façon d'amalgamer son propre style.

Die menschliche und unternehmerische Geschichte von Riflessi gleicht einer erfolgreich gemeisterten Herausforderung. Eine Herausforderung, die das Unternehmen durch seine besondere Sensibilität und einige richtige Intuitionen bewältigt hat: auf Qualität und Service setzen, mit besonderem Augenmerk auf äußere Eindrücke, die in den eigenen Stil miteinfließen.

ALL'INSEGNA DEL MADE IN ITALY

LA COSTANTE RICERCA DELLA QUALITÀ DÀ VITA A SEMPRE NUOVI PROGETTI

UNDER THE 'MADE IN ITALY' LABEL CONSTANT STRIVING FOR QUALITY PRODUCES A FLOW OF NEW PROJECTS

Riflessi fonda l'esperienza nella continua innovazione e crea i propri prodotti di design rigorosamente Made in Italy. Il Centro di Ricerca e Sviluppo Riflessi è il motore di tutto il processo di creazione dei prodotti. Al suo interno vengono ideati e progettati tutti gli arredi, si studiano soluzioni funzionali. Qui si sviluppano nuove tecnologie e s'incontrano saperi contemporanei che si fondono con competenze artigiane in grado di realizzare lavorazioni recuperate dalla tradizione. Un lavoro d'équipe che mette al centro l'unicità di ciascun individuo per realizzare un progetto comune.

Riflessi creates its design products, made entirely in Italy, drawing from its experience in continuous innovation. Our design team creates solutions for a variety of interiors, helping customers express their own style through their decor choices. Our company is deeply involved in every stage of the research, design and manufacturing process. Our expertise and knowledge will help guide our customers towards the right choices for their specific needs as well as ensuring that their decor becomes a true reflection of their inner self.

Riflessi fonde son expérience dans l'innovation continue et crée ses propres produits de design rigoureusement Made in Italy. Le Centre de Recherche et Développement Riflessi est le moteur de tout le processus de développement des produits. C'est là que les ameublements sont créés et projetés et que les solutions fonctionnelles sont créées. On y développe de nouvelles technologies et c'est le lieu de rencontre des talents contemporains qui se fondent avec des compétences artisanales en mesure de réaliser des procédés récupérés de la tradition. Un travail d'équipe qui met au centre le caractère unique de chaque individu pour réaliser un projet commun.

Bei Riflessi trifft kontinuierliche Innovation auf Erfahrung für Designprodukte ausschließlich Made in Italy. Im Forschungs- und Entwicklungszentrum von Riflessi nimmt der Entstehungsprozess der Produkte seinen Anfang. Hier werden alle Einrichtungen entworfen und geplant, sowie die funktionalen Aspekte ausgearbeitet. Es werden neue Technologien entwickelt und Moderne verschmilzt mit traditioneller Handwerkskunst. Eine Teamarbeit, bei der jeder Einzelne im Mittelpunkt steht, um gemeinsam ein Ziel zu erreichen.

I FLAGSHIP STORE RIFLESSI SONO UNA PRESENZA DINAMICA
NELLE PRINCIPALI CITTÀ ITALIANE
STORES TO THE FORE IN THE MAIN ITALIAN CITIES

OGNI SPECCHIO È UN OGGETTO D'ARREDO UNICO

EACH MIRROR IS A UNIQUE INTERIOR DESIGN ITEM

Design esclusivo e know-how artigianale, produzione nel territorio e utilizzo di materiali pregiati; design, ricerca e sviluppo rigorosamente made in Italy.

Ogni materiale è scelto e lavorato manualmente in base alle sue proprietà tecnologiche: malleabilità, duttilità, fusibilità, permettono di plasmare forme irregolari e sinuose oppure geometrie sfaccettate.

Exclusive design and craftsmanship, local production, use of outstanding materials, design, research and development strictly made in Italy.

Each material is selected and hand-worked according to its technological qualities: suppleness, pliancy and fusibility make possible irregular, sinuous shapes or faceted geometries.

Design exclusif et savoir-faire artisanal, production sur le territoire et utilisation de matériaux de haute qualité; design, recherche et développement rigoureusement made in Italy.

Chaque matériau est choisi et travaillé manuellement selon ses propriétés technologiques : malléabilité, souplesse, fusibilité, ils permettent de créer des formes irrégulières et sinueuses ou bien des géométries facettées.

Exklusives Design und handwerkliches Know-how, Produktion in der Region und Verwendung edler Materialien; Design, Forschung und Entwicklung ausschließlich Made in Italy.

Jedes Material wird anhand seiner technologischen Eigenschaften ausgewählt und von Hand verarbeitet: Geschmeidigkeit, Verformbarkeit und Schmelzbarkeit lassen unregelmäßige und geschwungene Formen oder facettenreiche Geometrien entstehen.

Ogni specchio Riflessi, con le sue superfici irregolari e vibranti è unico e irripetibile perché creato artigianalmente.

Vibrant, irregular surfaces make every Riflessi mirror unique and unrepeatable because it is hand crafted.

Chaque miroir Riflessi, avec ses surfaces irrégulières et vibrantes, est unique et irremplaçable parce qu'il est créé artisanalement.

Jeder Spiegel von Riflessi ist mit seinen unregelmäßigen und vibrierenden Oberflächen einzigartig und unnachahmbar, da er handwerklich hergestellt ist.

FUSIONE DA STAMPO
MOULDING

FORME SINUOSE
SINUOUS SHAPES

Gli specchi realizzati in fusione da stampo hanno come caratteristica peculiare la possibilità di realizzare forme irregolari e sinuose ottenute tramite il riscaldamento dei materiali ad elevate temperature che permettono a questi ultimi di assumere qualsiasi aspetto.

MOULDING The distinguishing feature of moulded mirrors is that irregular, sinuous shapes can be achieved by heating the materials at high temperatures so they can take on any form.

FUSION EN MOULE. Les miroirs réalisés avec des moules ont pour caractéristique la possibilité de réaliser des formes irrégulières et sinusoises obtenues au moyen de la chauffe des matériaux à des températures élevées qui permettent à ces derniers de prendre tout type d'aspect.

FORMGUSS. Formgegossene Spiegel haben die besondere Eigenschaft, dass durch Erhitzen der Materialien auf hohe Temperaturen unregelmäßige und geschwungene Formen hergestellt werden können, die jedes Aussehen erlangen können.

MARTELLATURA
HAMMERING

SUPERFICI VIBRANTI
VIBRATING SURFACES

È una tecnica ripresa dall'antica cesellatura che consente di modellare manualmente l'alluminio cotto e creare una superficie irregolare e vibrante sempre diversa per ogni specchio realizzato.

HAMMERING. A technique harking back to the metal chasing of olden times, with which soft aluminium was modelled by hand, creating irregular, dynamic surfaces different for each and every mirror.

MARTELAGE. C'est une technique reprise de l'ancienne ciselure qui permet de modeler manuellement l'aluminium cuit et de créer une surface irrégulière et vibrante toujours différente pour chaque miroir réalisé.

HÄMMERN. Eine an die alte Ziselierung angelehnt Technik, mit der weiches Aluminium von Hand geformt werden kann, wodurch eine unregelmäßige und vibrierende Oberfläche entsteht, die bei jedem hergestellten Spiegel anders aussieht.

FORMGUSS. Formgegossene Spiegel haben die besondere Eigenschaft, dass durch Erhitzen der Materialien auf hohe Temperaturen unregelmäßige und geschwungene Formen hergestellt werden können, die jedes Aussehen erlangen können.

DIAMANTATURA
FACETING

GIOCARE CON LA FORMA
PLAYING WITH SHAPE

Questa tecnica consente tramite l'uso di stampi di modellare geometricamente l'acciaio, materiale leggero, duttile e prezioso, che viene piegato per assumere la forma desiderata. L'acciaio è ottimo per realizzare finiture di pregio sfruttando la sua rifrazione naturale.

FACETING. This technique uses a die to bend quality steel, which is light and pliable, into the required shape. Steel is ideal for outstanding finishes due to its natural refraction.

DIAMANTAGE. Cette technique permet, avec l'utilisation de moules, de modeler géométriquement l'acier, matériau léger, souple et précieux, qui est plié pour prendre la forme désirée. L'acier est excellent pour réaliser des finitions de haut niveau, en exploitant sa réfraction naturelle.

DIAMANTIERUNG. Bei dieser Technik kann Stahl mithilfe von Werkzeugen geometrisch geformt werden. Ein leichtes, verformbares und hochwertiges Material, das gebogen wird, um die gewünschte Form zu erhalten. Stahl eignet sich hervorragend, um edle Oberflächen zu erhalten, indem seine natürliche Brechung genutzt wird.

SPAZZOLATURA
BRUSHING

REALIZZATA A MANO
HAND MADE

Per rendere unici i suoi prodotti Riflessi propone il metallo spazzolato a mano artigianalmente. Le superfici al tatto si presentano lisce ma visivamente sono caratterizzate da una trama sottile che risulta sempre diversa rendendo ogni singolo prodotto unico.

To make its products unique, Riflessi proposes hand-brushed metal. The surface is smooth to the touch but visibly it has a fine texture, different for each individual product.

Pour rendre ses produits uniques, Riflessi propose le métal brossé main de façon artisanale. Au toucher, les surfaces sont lisses mais visuellement elles sont caractérisées par une fine trame, qui semble toujours différente et rend ainsi chaque produit unique.

Um seine Produkte einzigartig zu machen, verarbeitet Riflessi von Hand gebürstetes Metall. Die Oberflächen fühlen sich zwar glatt an, weisen jedoch beim Anblick eine jedesmal andere, leichte Oberflächenstruktur auf, die jedes Produkt zu einem Unikat macht.

SPECCHI BRONZATI
BRONZED MIRRORS

CALDE SPECCHIATURE
WARM MIRRORING

Lo specchio assume una colorazione tendente al bronzo senza perdere la sua proprietà riflettente.

The mirror takes a bronze colour without losing its reflective properties.

Le miroir prend une teinte bronze sans perdre ses propriétés réfléchissantes.

Der Spiegel nimmt einen bronzefarbenen Ton an, ohne seine reflektierenden Eigenschaften zu verlieren.

Silhouettes irrégulières caractérisent les larges surfaces réfléchissantes, libres de cadres périphériques.

Geformte Spiegel mit geschliffenen Kanten Unregelmäßige Konturen, rahmenlosen Spiegelglasflächen.

Das Epoxidharz wird von Hand auf die Spiegelflächen des Rahmens aufgetragen, wodurch ein einzigartiges und unvergleichbares Reliefdekor entsteht.

Le métal est moulé dans un cadre fin qui s'adapte à la forme du miroir. Un design élégant qui résiste à l'épreuve du temps et qui permet de nombreuses personnalisations grâce aux finitions de surface.

Das Metall ist zu einem schmalen Rahmen geformt, der sich der Form des Spiegels anpasst. Ein elegantes und zeitloses Design, das dank der Ausführungen der Oberfläche zahlreiche individuelle Gestaltungen zulässt.

BISELLATURA
BEVELING

CONTORNI SAGOMATI
SHAPED CONTOURS

Silhouette irregolari caratterizzano le ampie superfici in cristallo specchianti, libere da cornice perimetrale.

Irregular silhouettes characterise the large mirror effect surfaces, free of perimeter frames.

The epoxy resin is applied manually onto the mirror surfaces of the frame, forming a unique and unrepeatable relief decoration.

La résine époxy est appliquée manuellement sur les surfaces miroir du cadre, formant un décor en relief unique et irreplacable.

Das Epoxidharz wird von Hand auf die Spiegelflächen des Rahmens aufgetragen, wodurch ein einzigartiges und unvergleichbares Reliefdekor entsteht.

Le métal est moulé dans un cadre fin qui s'adapte à la forme du miroir. Un design élégant qui résiste à l'épreuve du temps et qui permet de nombreuses personnalisations grâce aux finitions de surface.

Das Metall ist zu einem schmalen Rahmen geformt, der sich der Form des Spiegels anpasst. Ein elegantes und zeitloses Design, das dank der Ausführungen der Oberfläche zahlreiche individuelle Gestaltungen zulässt.

LO SPECCHIO SI ADATTA ALLE ESIGENZE DI ARREDO ATTRAVERSO LA FORMA

THE MIRROR ADAPTS TO FURNISHING REQUIREMENTS

THROUGH ITS SHAPE

Non è solo una questione di stile, la forma infatti è legata alla funzionalità dello specchio in relazione allo spazio che si vuole arredare.

It is not just a question of style, the shape is in fact linked to the functionality of the mirror in relation to the space to be furnished.

CIRCLE

Designed by Riflessi Lab

Circle scomponе l'ambiente stravolgendo il convenzionale concetto di specchio a riflessione frontale. L'immagine che ci restituisce si rivela infatti man mano che ci si avvicina grazie alla particolare inclinazione delle superfici.

Circle deconstructs space by disrupting the conventional front reflection mirror concept. Thanks to the special inclination of the surfaces, the image it returns emerges gradually as the viewer approaches.

Specchio tridimensionale con superfici inclinate applicate su stampo in poliuretano rigido. Installabile a 360°.

TITANIO

Designed by Riflessi Lab

Non tutti gli specchi sono fatti per essere appesi come Titanio, un complemento d'arredo ideale per valorizzare e rendere più luminoso e ampio l'ambiente. La cornice in acciaio, dalla forma lineare e squadrata è riflettente in continuità con lo specchio.

Not all mirrors are made to be hung like Titanio, a complementary décor item ideal for enhancing an environment, making it appear larger and more illuminated. The square, linear steel frame is reflective in continuity with the mirror.

OROLOGI

WALL CLOCKS

L'orologio è un elemento funzionale ma soprattutto decorativo, le superfici in vetro serigrafato effetto marmo o in ceramica evocano materiali naturali e creano atmosfere suggestive. I dettagli dorati o argento completano il design elegante e ricercato.

Clocks are decorative as well as functional elements. Ceramic or marble-effect screen-printed glass surfaces evoke natural materials and create refined atmospheres. Gold or silver details complete the elegant design.

L'horloge est un élément fonctionnel mais surtout décoratif, les surfaces en verre sérigraphié effet marbre ou en céramique évoquent des matériaux naturels et créent des atmosphères suggestives. Les détails dorés ou argent complètent le design élégant et recherché.

Die Uhr ist ein funktionales, aber vor allem dekoratives Element. Die Oberflächen aus siebbedrucktem Glas in Marmoroptik oder aus Keramik sind natürlichen Materialien nachempfunden und schaffen eindrucksvolle Atmosphären. Die Details in Gold und Silber vollenden das elegante und edle Design.
